RE: Letter of Reference – See Clean Windows

I am writing to provide a reference for See Clean Windows Inc., whose exceptional cleaning services have significantly contributed to the success of our construction projects including Bluebird Storage Facility, Bluebird Retail Space, Speeders TI, and IPlace Ph1 Office.

Throughout our collaboration, See Clean Windows Inc. has demonstrated a high level of professionalism. Not only is the team highly skilled in handling unique challenges that come with post-construction cleaning, their commitment to accommodating client requirements is commendable.

See Clean Windows's remarkable adaptability was demonstrated during the construction cleaning for Speeders TI. The project brought many unpredictable challenges, yet the team consistently showed their flexibility and responsiveness to our evolving needs and schedules. They effectively managed tight deadlines without compromising the quality of work, ensuring the site was ready for use.

I highly recommend See Clean Windows for any construction cleaning needs. Their reliability, adaptability, and professionalism make them an invaluable partner in our projects.

Sincerely,

Mathieu Manchet
Project Manager
